## SUMMARY

I have a strong passion for web development and a knack for solving complex problems. I approach every project with a fresh and innovative mindset, emphasizing collaboration and effective communication to ensure alignment with project goals. My attention to detail and adaptability allow me to navigate challenges efficiently, while my creative thinking drives me to deliver high-quality solutions that address specific challenges. My goal is to leverage my technical expertise and interpersonal skills to make a meaningful impact and provide exceptional services.

## EDUCATION

### Calcutta Institute of Engineering and Management, Kolkata

B.Tech in Information Technology

**Expected Graduation:** July 2025 **CGPA:** 8.75

**Coursework:** Data Structure, Software Engineering, Databases, Networking, Object Oriented Programming, Algorithms, Operating Systems

### National Gems Higher Secondary School

**Year of 12th Graduation:** 2021

**Stream:** Computer Science - **ISC:** 95.25% | **ICSE:** 93.25%

## TECHNICAL SKILLS

**Programming Languages:** Python (Basic), JavaScript, C, Java

**Web Development::** HTML5, CSS3, React.js (Intermediate), Node.js (Intermediate), Express.js (Intermediate), MERN Stack (Intermediate)

**Databases:** : MySQL, MongoDB

**Tools Frameworks::** Git, GitHub, Visual Studio Code, Eclipse, IntelliJ IDEA

## PROJECTS

### • CrimsonSync-Eblood Bank

Tech Stack: Node.js, Express.js, MongoDB, Socket.io

- Developed a web-based E-blood bank platform that connects donors and recipients through real-time notifications.
- Implemented secure chat functionality for efficient blood request management.
- Implemented RESTful APIs using Node.js and Express.js, ensuring secure and efficient data handling
- Optimized MongoDB schemas, reducing redundancy by 25%.

### • HandmadeHaven - Artisan Marketplace Application

Tech Stack: MERN (MongoDB, Express.js, React.js, Node.js)

- Developed a full-stack marketplace platform connecting rural women artisans from India with customers.
- Implemented user management, allowing users to sign up, log in, and manage their profiles.
- Built features such as product listings, categories, cart, reviews, and order management for a smooth shopping experience.
- Integrated secure payment gateways to facilitate safe online transactions.

## TRAINING AND CERTIFICATIONS

### • Robotic Process Automation

September 2024

- Developed expertise in RPA using UiPath and completed projects in web automation, PDF automation, and Excel automation.
- Gained proficiency in data scraping, data entry automation, RE framework, and data manipulation.

### • Excel: Essential Statistics for Data Analysis

July 2023

- Gained skills in Excel, descriptive statistics, probability distributions, and hypothesis testing.
- Applied statistical techniques to real-world projects, improving decision-making.
